**Thursday, March 21, 2024**

12:00pm to 1:00pm

1 PDH\*!

The Hawk Falls Bridge Replacement project will replace aging bridges NB-610 and 611 on the Pennsylvania Turnpike Northeastern Extension (I-476). The existing 738-foot-long structure is functionally obsolete due to lack of shoulders and will be replaced with a new four-lane structure with generous medians and safety shoulders.
