

Technical Session Committee Presents:

“Electric, Autonomous, and Connected Vehicles”

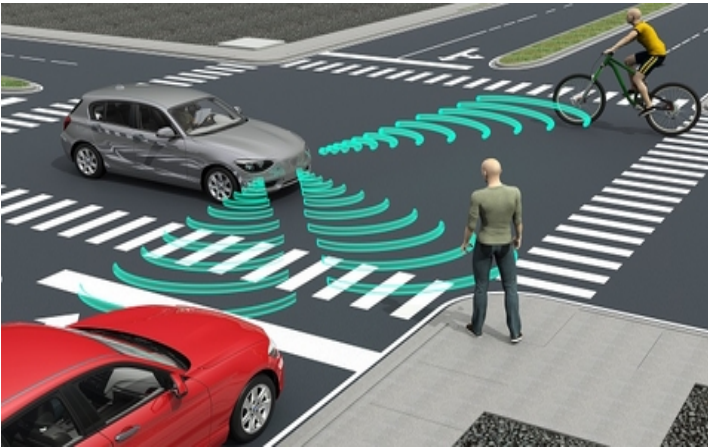

A Virtual Technical Session by:

Mark Kopko, Matthew Smith, and Jim Katsafanas

Thursday, March 25th

4:00 PM – 6:00 PM

2 PDHs*!

The Jetsons are here! Yes, flying, autonomous, connected, and electric vehicles for everyone! Well, maybe not yet, but... future transportation systems are indeed here, and are already influencing what the future of mobility looks like. This isn't just happening in the Silicon Valley on the west coast, or in the automobile industry of Detroit...it's also happening right here in Pennsylvania. Our panel of speakers, who continue to lead the charge in cutting edge transportation technology solutions, will share details of how this transformational technology is being developed...and how it's being approached in Pennsylvania.

Participants will be eligible to earn 2 PDH's.

Location: Virtual Meeting – Link will be sent to registrants the day of the event.

Cost: Free to ASHE Delaware Valley Members and Government Employees
\$40 for all others

Registration: Please RSVP by Tuesday March 23rd, 2021 using the link below:
